EXPERIENCE

Front-end Developer Intern ([View Certificate](#))

July 2025 - August 2025

PearlThoughts

Remote

- Demonstrated strong analytical and problem-solving skills during internship, completing **frontend development tasks 20%** faster than team average.
- Applied **HTML, CSS, JavaScript, React, and responsive design** principles to build **user-friendly interfaces**.
- Integrated **REST APIs** for dynamic product data and optimized site performance, reducing **page load time by 20%** for better scalability and user experience.

Web Developer Intern ([View Certificate](#))

May 2024 - June 2024

Oasis Infobyte

Remote

- Developed **Forever**, a responsive e-commerce website delivering a smooth online shopping experience.
- Implemented add-to-cart functionality with real-time cart updates, improving **user engagement by 30%**.
- Integrated **REST APIs** for dynamic product data and optimized site performance, reducing **page load time by 20%** for better scalability and user experience.

Web Developer Intern ([View Certificate](#))

April 2024 - May 2024

Codsoft

Remote

- Developed a responsive web-based temperature converter during internship, **achieving 100%** accurate conversions between Celsius and Fahrenheit.
- Designed an intuitive UI with a clean, modern layout, improving **user interaction by 25%**.
- Built using **HTML, CSS, and JavaScript**, ensuring fast load times and **cross-browser compatibility**.

PROJECTS

Forever (An E-commerce Website) (MongoDB, Express, React and Node) ([Live Demo](#)) ([GitHub](#))

- Built a responsive e-commerce platform with modern UI, improving engagement and **product discovery by 25%**.
- Developed reusable UI components such as product listings, hero sections, navigation, and footers.
- Optimized frontend performance, ensuring **cross-browser compatibility and 20%** faster load times across devices.

MERN Authentication System (MongoDB, Express, React and Node) ([Live Demo](#)) ([GitHub](#))

- Developed a **secure authentication system** with MongoDB, Express.js, React.js, and Node.js, implemented **signup, login, logout, OTP-based email verification, password reset, and JWT authentication**.
- Integrated **Nodemailer** for automated **welcome, verification, and reset emails**, improving user onboarding efficiency by **40%** and **enhancing account security**.
- Optimized **MongoDB queries and API response handling**, reducing authentication request time by **30%** and minimizing unauthorized access attempts by **50%**.

EDUCATION

Bachelor of Computer Application, DBRAU University

2022 - 2025

SKILLS

Languages & Frameworks:

C, C++, JavaScript(ES6+), Node.js, Express.js, React.js

Database & Styling:

MongoDB, SQL, Tailwind CSS, SCSS/SASS

Tools & Platforms:

Git, GitHub, VS Code, Vercel

Core Knowledge:

Rest APIs, SDLC, Responsive Web Design, Version Control

Soft Skills:

Problem Solving, Team Collaboration, Time Management, Communication
